LONDON (AFX) - Old Mutual PLC it has agreed to restructure the residual 20 pct **revenue share interests** in its key US mutual fund business, Pilgrim Baxter & Associates Ltd, through the payment of 175 mln usd plus an earn-out over five years if profits growth exceeds 7.5 pct per annum.

Pilgrim Baxter is the US-based retail and institutional fund manager acquired by Old Mutual through the purchase of United Asset Management ("UAM") in September 2000.

Old Mutual said this restructuring involves replacing the residual revenue share retained by Harold Baxter and Gary Pilgrim ("the principals") in Pilgrim Baxter.

This restructuring consolidates Old Mutual's interest in the prosperous US retail asset management market and has a number of benefits to Old Mutual, it said. The bottom line-orientated earn-out structure aligns the interest of Old Mutual and the Principals in maximising growth and profits. It also simplifies the structure for advancing the development of Pilgrim Baxter as the key retail component in Old Mutual's asset management strategy in the United States, it said.

The financial terms of the restructuring involves replacing the 20 pct revenue share of the Principals with: Three fixed payments of 58.3 mln usd, payable in March 2002, February 2003, and February 2004. In respect of each payment, Old Mutual can elect to pay 16.7 mln usd in its own shares, however the first payment will be made in cash.

It also involves five annual earn-out payments, due in February 2004-2008, if profits growth exceeds 7.5 pct per annum from a base of 53.6

mln usd. If profits growth is a constant 15 pct per annum then each yearly

payment would be 18.2 mln usd, said Old Mutual.

The payments are capped at 68.2 mln usd annually if profits growth is

equal to, or greater than, 30 pct per annum.

Old Mutual chief executive Jim Sutcliffe said Pilgrim Baxter is well

placed to accelerate its growth, and successfully expand its platform, in

the all-important US market.
